FEDERAL COMMUNICATIONS COMMISSION  
OFFICE OF THE SECRETARY

In the Matter of	)	
	)	
Application of ALLTEL Communications, Inc.	)	Docket No. 96-45
	)	FCC 97-419
For Designation as an Eligible Telecommunications	)	
Carrier Pursuant to Section 214(e)(6) of the	)	File No. _____
Communications Act of 1934	)	

To: the Chief, Wireline Competition Bureau

**FIRST AMENDMENT TO THE APPLICATION OF  
ALLTEL COMMUNICATIONS, INC.  
FOR DESIGNATION AS AN ELIGIBLE TELECOMMUNICATIONS CARRIER  
IN THE STATE OF VIRGINIA.**

ALLTEL Communications, Inc. ("ALLTEL") submits herewith its first amendment to its pending petition seeking designation as an eligible telecommunications carrier ("ETC") in the State of Virginia (the "ALLTEL Petition").<sup>1</sup> In particular, the amendment seeks to: 1) modify ALLTEL's requested ETC service area to exclude the Galax wire center served by the United Inter-Mountain Telephone Company in its entirety; and 2) delineate and seek redefinition on a wire center by wire center basis of those service areas only partially served by ALLTEL's proposed ETC service area.

<sup>1</sup> See, *Application of ALLTEL Communications, Inc. for Designation as an Eligible Telecommunications Carrier in the State of Virginia*, CC Docket No. 96-45, filed April 14, 2003.

No. of Copies rec'd 0+1  
Lit / ECDE

**I. ALLTEL Modifies its Requested ETC Service Area to Exclude the Galax Wire Center.**

In its petition, ALLTEL requested ETC designation in those rural wire centers listed in Exhibit D to the ALLTEL Petition. The Galax wire center served by the United Inter-Mountain Telephone Company was listed on Exhibit D as a wire center for which ETC designation was requested but for which ALLTEL's proposed ETC service area provided only partial coverage. ALLTEL has analyzed the Galax wire center and has concluded that it should be excluded in its entirety from ALLTEL's proposed ETC service area and hence, from consideration under the ALLTEL petition. Attached hereto is a revised Exhibit D to the ALLTEL Petition deleting the Galax wire center from the list of rural service areas in which ALLTEL is licensed and therefore seeking ETC designation.

**II. ALLTEL Requests Redefinition of the Wire Centers of Central Telephone Company and United Inter-Mountain Telephone Company.**

In its petition, ALLTEL delineated by wire center at Exhibit D those rural service areas it served with its proposed ETC service area as well as delineated at Exhibit E those rural wire centers in which it did not propose to provide service. Further, the ALLTEL Petition sought to have the study areas of the Central Telephone Company and the United Inter-Mountain Telephone Company redefined to exclude those wire centers listed on Exhibit E in which ALLTEL did not provide service and which, consequently, were outside ALLTEL's proposed ETC service area.<sup>2</sup>

ALLTEL hereby provides the Commission's staff with a consolidated listing of the wire centers of both the Central Telephone Company and the Inter-Mountain

Telephone Company that ALLTEL proposes to serve as well as those which are outside of ALLTEL's service area. Further, rather than seek redefinition of the two telephone companies study areas to include the sum territory of the wire centers served only by ALLTEL's ETC service area, ALLTEL amends its petition to seek reclassification of each of the wire centers of the two companies in which ALLTEL provides service as separate service areas.

Under the FCC's rules, a petition to define LEC service areas must contain an analysis that takes into account the recommendations of the Federal-State Joint Board with respect to the definition of a service area served by a rural telephone company.<sup>3</sup> But inasmuch as the analysis provided by ALLTEL in its original petition is equally relevant to its amended redefinition request as contained herein, ALLTEL need not reiterate that analysis for purposes of the instant amendment. Rather, for the reasons set forth in its original petition, as incorporated herein by reference, the service areas of both Central Telephone Company and Inter-Mountain Telephone Company should be redefined on a wire center by wire center basis, so that each wire center is a separate service area.<sup>4</sup>

---

<sup>2</sup> See, *ALLTEL Petition* at page 8.

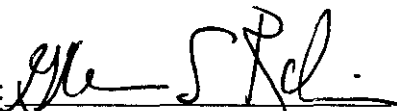

<sup>3</sup> See, 47 C.F.R. Sec. 54.207(c)(1)

<sup>4</sup> ALLTEL notes that this amendment has been made as the request and suggestion of the Commission's staff and comports with the approach taken Virginia Cellular, LLC with respect to similar issues raised in the amendments to Virginia Cellular, LLC's ETC Petition filed on October 21, 2002 and April 17, 2003.

### **III. Conclusion**

ALLTEL hereby amends its original petition as set forth herein and respectfully urges the Commission to grant its petition seeking designation as an ETC on an expedited basis.

Respectfully submitted,  
ALLTEL Communications, Inc.

By:   
Glenn S. Rabin  
Vice President  
Federal Communications Counsel

ALLTEL Corporation
